

## Whitewater Elite Floating Docks

Whitewater Docks are introducing a new line of docks, that are a superior commercial grade. They have our Pro Series HDPE floating frames with an aluminum sub-frame instead of wood. This gives the docks a very solid stable feel in the water. The decking can be completed in Cedar, Micro Pro Sienna Pressure Treated Wood or with Composite/PVC to complete a truly maintenance free dock that will last a life time.

The Composite/PVC decking is non-slip and cool to the touch even in the sun. It will not fade, chip or require painting.

The docks come in standard widths of 6', 8' 10' & 12'. Our most common length of docks are 16', 20', 24' & 30'.

We do have a method of building the docks that allows us to build docks wider than 12'. With this method the frames need to be assembled on site and then decking added. Whitewater can also create you an Ultimate Floating Patio.

### SPRING 2018

#### 6' Wide

6 x 16 \$ 5,876

6 x 20 \$ 7,224

6 x 24 \$ 8,764

6 x 30 \$10,406

#### 8' Wide

8 x 16 \$ 7,094

8 x 20 \$ 8,797

8 x 24 \$10,493

8 x 30 \$12,802

#### 10' Wide

10 x 16 \$ 9,162

10 x 20 \$10,857

10 x 24 \$12,895

10 x 30 \$15,727

#### 12' Wide

12 x 16 \$10,444

12 x 20 \$12,473

12 x 24 \$14,818

12 x 30 \$18,116
